

Contract for admittance to unstaffed library

Welcome as a user of Sølvsberget's unstaffed library !

Together with an upgraded library card, this contract will give library patrons over the age of 18 access to the library's first to third floor, from 8 AM on weekdays until 9 PM all nights.

The library card becomes your key to the library! Contact the staff on Sølvsberget's ground floor to upgrade your card. You can also use your card as a key to Madla library (madlabibliotek.no)

In order to upgrade your library card to admittance card you have to observe a few simple rules:

- Show consideration for others. Do not litter. Keep our library tidy.
- Comply with the library's current borrowing regulations and house rules.
- This contract and library card is for your use only, and can not be transferred to third parties.
- Parents/guardians can bring their children, but not leave them unattended.
- Staying in the library at self-service hours is at your own risk.
- Evacuate the building immediately in case of fire alarm.

Violations of the rules may result in the loss of your right to use the library during unstaffed hours.

Acts of vandalism will be reported to the police. You will be held financially liable for any damage caused.

The library's premises is under video surveillance, both to protect the library's property and equipment, and for the safety of its members. Surveillance recordings are stored according to current laws and regulations.

Restrooms on the first to third floor are only available when staff is present. Please use restrooms and nursing room on the basement floor, U1.
